

From its humble start in the 1980's till today, Moon Rice Corporation is continually flourishing and prospering in global markets. Today, MRC is proudly supported by its professional management team and its worldwide customers who consistently contribute to its accelerated growth.

Moon Rice Corporation has been a prominent trading house not only in Pakistan, but it also has its global presence and its sub-offices in United Arab Emirates (UAE), East Africa and United Kingdom (UK), assisting and providing services to its clientele based in Europe, Asia and Africa. It has been trading and exporting premium quality rice, flour (wheat and rice), vermicelli and wheat around the world. Moreover, we have diversified into Sugar, Spices, Oil and Pulses procured from around the world, processed and packed under our own stringent quality and control procedures.

Its profound determination for providing outstanding quality products to its customers has led Moon Rice Corporation in implementing quality management systems and consequently acquiring global certifications for quality, namely ISO (9001- 2008) and HACCAP.

Furthermore, MRC thoroughly focuses on its operations and has invested heavily in acquiring latest food processing equipments from all around the world. Its rice processing plant is spread over an area of 30,000 square meters, having a capacity of 220M/tons of rice processing and packing unit per day.

Moon Rice Corporation is continuously striving to become a major trading House around the globe.
